NOMINATION FORM

2026 IGU AWARD FOR DISTINGUISHED GEOGRAPHICAL PRACTICE

The IGU Award for Distinguished Geographical Practice was established to recognize geographers whose work in research, geographical practice, or application is notable for its impacts on society and outstanding engagement and collaboration with diverse non-academic communities.

Nominations for the IGU Award for Distinguished Geographical Practice in 2026, to be announced and presented at the 2026 IGU Regional Conference in Istanbul, Türkiye, are to be made on this form. The completed form should be e-mailed to the Chair of the IGU Honors and Awards Committee, dr Joos Droogleever Fortuijn, Netherlands at j.c.droogleeverfortuijn@uva.nl to arrive no later than 15 January 2026. A brief resume for the nominee (no more than five pages) should be submitted at the same time. Self-nominations will not be accepted.

In order to address recent imbalance in the distribution of this award, nominations of female Geographers, or those from low income countries, are especially encouraged.

Previous recipients of the IGU Award for Distinguished Geographical Practice are listed on the IGU website at <https://igu-online.org/about-us/roll-of-honor/>

The successful candidates for a 2026 award will be selected by the IGU Honors and Awards Committee from nominations received by the due date of 15 January 2026.
